TAXPAYERS IN TOWN PAID OUT \$466,970 FOR LOCAL LEVIES

Gettysburg residents paid \$466,970.47 in taxes, \$302,752.72 of it to the school board during 1961, according to the report of Tax Collector J. Herbert Weikert, filed at the office of the county clerk of courts.

The taxes paid included \$87,470.49 for the borough, \$57,613.67 for the county and \$19,133.59 for the Institution District, as well as the \$302,752.73 for the school board.

The collection was made at a cost of \$14,662.64 of which \$13,209.96 went to the tax collector. He listed his expenses at \$2,948.04 of which \$2,081.13 represented office help.

76 1/2 MILLS

The borough's 1,738 real estate owners, and 3,729 listed for occupation and per capita tax paid generally 76 1/2 mills on their assessments plus a \$12.50 head tax. Those who held mortgages, etc., listed as personal property by the county also paid four more mills on that property.

Because some people pay the next year rather than during the current year the tax collector collected nearly \$10,000 more than the entire amount levied in 1961 — although not quite collecting all of the 1961 levy. Weikert took in \$466,970.47 while the total levy for 1961 was \$456,731.40; \$90,184.21 placed by the borough, \$286,342.55 by the school district, \$60,032.97 by the county and \$20,171.67 by the Institution District.

Of the \$456,731 levy in 1961, the collector secured \$432,548.25. He collected \$9,731.10 from 1960 taxes outstanding.

Gettysburg residents proved thrifty by paying taxes early. As a result they saved \$7,737.45 by taking advantage of the discount period.

Uncollected at the end of 1961 was \$26,091.85 in taxes, including \$20,455.56 owed the school board.

PA. POULTRY PRESIDENT IS SPEAKER HERE

Poultrymen throughout the nation are going to have to decide whether they want to operate as cartels through marketing orders or whether they wish to continue to operate independently. George H. Schroeder, Honesdale, president of the Pennsylvania Poultry Federation, told the Adams County Poultrymen's Association at its seventh annual banquet Thursday night at St. James Lutheran Church.

Describing proposed marketing orders for turkey hatching eggs and slaughter turkeys, he observed that efforts are also being made for marketing orders on broilers, and "eggs may not be far behind."

He urged attendance by the county poultrymen at a meeting to be held in April to discuss the marketing orders. He said: "There are many differences of opinion concerning marketing orders and particularly the form in which they are now drawn. Maryland Poultry Federation is completely opposed to the orders as now drawn. California, where there has been more experience with marketing orders than in any other state, is divided in its viewpoint. That's why I urge you to attend meetings and study all you can so you can vote intelligently on these orders. They will have a great effect on your lives as poultrymen."

JAPAN NATIVE SPEAKER FOR GARDEN CLUB

For several hours Thursday afternoon the Gettysburg Garden Club heard about old Japan, when Mrs. Robert Durant, Carlisle, a native of Hokkaido, Japan, in costume, spoke on flower arrangements and demonstrated as she instructed.

By request she was attired in the Japanese Kimono and obi, but apologized because she wore only six layers of attire instead of the usual nine. The small attractive brunette, wearing long Japanese earrings, said she was honored to be invited to speak in Gettysburg because as a school girl in Japan, while she knew nothing about Pennsylvania, she studied and knew much about Gettysburg.

She said that centuries of study are behind the history of Japanese flower arranging, tracing back to India and Buddha; that in the 18th century tea houses were created and it was not until the 18th century that western culture was brought in and changed the style or arrangements. Flower arrangement is one of the four cultural pursuits of Japan. She said "flower arrangement is taught in the schools, as well as cooking and manners, and every girl must learn it if she expects to marry. It is not considered 'artistic but necessary and even factories give an extra hour of study on this topic to their employees, paid by the employer."

DIPLOMAS GIVEN

"In Japan women must retire at 27 but they can get a diploma on flower arranging and teach it," she said. There are over 250 schools of arrangement. She demonstrated the old-fashioned, classical school by arranging a spring design, using nine branches of pussy willow and iris, which in no place touched the container. Then she did a modern arrangement.

Investigators Probe Into Mystery Of Plane Disaster Which Claimed 95 Lives

By ANDREW MEISELS
NEW YORK (AP) — What failure of man or machine caused an American Airlines Astro-Jet to plunge with power-dive fury to a splintering disaster in the shallow waters of Jamaica Bay?

The answer to this grim question was still a mystery today. And top Federal Aviation Agency investigators indicated it might remain a mystery for as long as a year.

The Boeing 707 jet—especially adapted for speedier takeoffs from airports surrounded by residential areas—carried 95 persons to death and exploded less than two minutes after it had taken off from Idlewild Airport at 10:07 a.m. Thursday. It was bound for Los Angeles.

WORST AIR DISASTER

It was the nation's worst air disaster involving a single aircraft, topping the toll of the crash of a Trans World Airlines Constellation in Chicago last Sept. 1 in which 78 lost their lives. Worst

air disaster was a two-plane collision over New York in 1960 that claimed 134 lives.

The 257,000-pound Astro-Jet, nearly half as long as a football field, plunged straight down suddenly and with such sickening fury that the pilot never had a chance to radio that he was in trouble.

There was no flame, no smoke, no trailing exhaust, no outward indication of damage.

OTHERS SAW CRASH

It all happened so quickly that friends and relatives of the passengers had not yet had a chance to leave the airport before the plane carrying their loved ones made its disastrous dive only three miles away.

A Mohawk Air Lines plane bound for upstate New York followed the doomed jet from the runway, and its passengers got a ghastly, bird's-eye view of the tragedy.

Here is how one of them, Joseph F. Farano of New York, de-

Defense Chief Seizes Burma

RANGOON, Burma (AP) — Burma's defense chief Gen. Ne Win seized power today for the second time in 3 1/2 years as the Burmese army took over the country in a bloodless coup that caused no public excitement.

Prime Minister U Nu and other members of his government were placed under arrest and the nation's Parliament suspended as the army seized strategic communications, transportation and security points throughout the country.

An army source said about 10,000 troops and 30 tanks took up posts at key points throughout the capital and blocked all main roads leading in and out of Rangoon. Heavily armed troops backed by tanks ringed Rangoon Airport. All flights in and out of Burma were canceled.

In Rangoon, however, there were no troops on the streets and city dwellers went about their business seemingly unperturbed by the events.

The Child Welfare services moved from the first floor of the court house about a week ago to permit workmen to change the former Child Welfare office into a portion of the register and recorder's vault.

Caseworker James Leshner reported on activities of the welfare services and announced there is need for a summer work home for a senior high school boy.

Stratton St., shall pay Terry Nelson Carpenter, aged about three, \$3,000 for injuries he suffered when struck by Hower's auto last June 23, and that Hower shall pay the child's father, John B. Carpenter, 311 Carlisle St., \$2,034.24 representing expenses occasioned by the injuries to the child.

TRY FAIRFIELD CASE

The jury began its deliberations at 3:10 o'clock Thursday afternoon and returned with its verdict at 5 o'clock. James R. E. Riegle, 234 Baltimore St., was foreman for the jury.

Trial began this morning in the assumpt action brought by the Penn-Moc Corporation of Fairfield against the First National Bank of Fairfield.

The matter pertains to sums paid by the bank out of Penn-Moc's account for checks which Penn-Moc alleges were forgeries. The amount which Penn-Moc claims the bank should pay it is \$28,819.65. The bank did pay \$9,164.89 to the company for checks which it apparently believed it should have "caught" and not cashed when the then bookkeeper at the Penn-Moc Corporation allegedly began forging officials, signatures to checks of the company and cashing them in Baltimore and elsewhere. The bookkeeper is now in Maryland prison on a sentence based on two bank robbery charges.

READY FOR DEFENSE

CARPENTERS

The defense opened its case by reading into the records a number of matters on which both sides had agreed, including the fact that the bank had paid Penn-Moc \$9,164.89 representing seven checks dated from February 16, 1961, through March 10, 1961, two of them listing William N. Shanks, the former bookkeeper of Penn-Moc, as the person to be paid and the remainder representing checks in which Western Union was listed as the person to be paid.

Carl Filisinger Jr. of the Penn-Moc Company was on the stand during the morning outlining methods of operation of the corporation and details about the checks found to be forged.

Cameron Garretson, Biglerville R. D., led a discussion of "The Feed Grain Program" at the Flora Dale advisory council meeting Wednesday evening.

The discussion leader told the group that in terms of corn equivalent, the combined 1961 output of corn, grain sorghum and soybeans was down only about four per cent from 1960. In other words, the feed grain program did not accomplish what it was supposed to.

Reduction in corn and sorghum production was only 11 per cent due to favorable weather, high plant population, fertilizer, growing corn on the better land and higher support prices.

Under the program most co-operators have sizeable quantities of corn not eligible for price support. This must be stored at the producers' expense, fed or dumped on the market at artificially low prices due to the sale of government held surpluses feed grain sold in competition with it.

The group held its monthly meeting at the home of Mr. and Mrs. Donald Garretson, Aspers R. D. Next month the council members will discuss national marketing orders.

HOMEMAKER LEADERS PLAN FALL, WINTER

The program planning meeting for the fall and winter 1962-63 program of the Adams County Homemakers' Groups was held on Wednesday at the Gettysburg National Bank's West Street branch meeting room. The Advisory committee met for lunch preceding the meeting of the group and project leaders.

A new 4-H home economics award, sponsored by the Extension Homemakers' Group, was announced by Mrs. Paul Redday of the advisory committee. The recipient of the award will be given a trip to the 4-H Club Congress at Penn State. The 4-H club member must be 14 years of age by January 1, must have completed two years of project work and shown improvement in leadership in the club. The award will be announced at the achievement banquet.

One advisory committee member, Mrs. W. R. Thomas, Biglerville, was re-elected and Mrs. Irvin Conover, Gettysburg R. 1, was elected to the advisory committee for three-year terms by the group leaders.

PLAN TOUR APRIL 27

The program planning discussion centered around studying observations about the local and state situation in order to forecast the future and in the light of the forecast determine a vital and valuable program. Some facts brought out were that people are on the move, population in Pennsylvania is declining but not in the southeast; over one-third of the homemakers are employed outside the home and the population has more young people and more older people than ever before. In 1890 the average woman lived 41 years after her last child turned 21; in 1961 with earlier marriage and longer life, the period spans 30 years. Unskilled labor demands are decreasing, too. In 1890 the average homemaker dropped out of school at 14 and married at 23—today she continues in school until 18 and marries shortly after. Facts about the family were discussed and projects for next year were developed around these.

The Homemakers' tour will be on April 27 to the Washington, D. C., area and Homemakers' Day will be held on May 8. The featured speaker for Homemakers' Day will be Miss Beth Petersen of the Du Pont Company.

Miss Bette Goddard, assistant state home ec leader from Penn State, spoke on the Extension Homemakers' Week program to be held in June.

GROUP LEADERS THERE

Members of the advisory committee in attendance at the meeting were Mrs. B. E. Benner, Fairfield; Mrs. Thomas, Mrs. Charles Lott, Mrs. Herbert Zepp, Gettysburg R. D.; Mrs. Paul Redday,

ROBBER GETS A NEW TRIAL

PHILADELPHIA (AP)—Paul J. McCarthy, 31, Elmira R. 2, N. Y., dairy farmer who was convicted of robbing the East Smithfield National Bank March 26, 1959, has been granted a new trial by the U.S. Third Circuit Court of Appeals.

The appeals court Thursday sent the case back to the federal district court at Scranton to be retried.

McCarthy, who was arrested March 10, 1960, on a charge of stealing \$2,900 from the bank, pleaded innocent but was convicted by a federal jury July 15, 1960. He was sentenced to seven years imprisonment.

The ruling by a three judge court said:

1. There was enough evidence to submit to the jury therefore no reversal on that ground.
2. The district judge gave a misleading charge.
3. The defendant was denied access to a summary made by an FBI agent and that violated the Jencks Act.

The decision, written by Judge McLaughlin, remanded the case to the lower court for a new trial on merits.

Her third major arrangement was done with a large section of bamboo frim which the middle joint was removed, in which she placed iris, azaleas and pussy willows. raised annually the county ranks eighth in the state in turkey production. With 1,657,000 broilers raised annually it is seventh in broilers.

With 424,000 layers, the county is 10th in the state in layers. Howard Waybright, Gettysburg R. 1, director from Adams County on the state Poultry Federation Board, praised the county poultrymen for their support of the state and local organizations. With only 135 commercial poultrymen in the county, membership is now 96. Lancaster County, which is first in the state in all phases of the poultry industry and which has more than 700 commercial poultrymen, has less than 300 members in the state association, he said.

"QUEEN" ATTENDS

Mary Jane Bowman, McSherrytown, poultry queen for the county, told of the queen program held last June in Adams County and the state contest held to select a state queen. She expressed her appreciation to the poultrymen and said she had "had a wonderful time this year as your queen."

Mr. and Mrs. George Worley, Hanover, were praised for their donation "of a full week's work to the association during the year. They gave a full ten-hour day on seven occasions to help our association and they have only 21 chickens," Duncan told the group.

Glen Kime, Gardners, president of the county poultrymen, presided at the meeting and introduced the county officers elected at the last meeting of the association: Lee Frey, vice president; Carl Seifrit, secretary; Thomas Zeigler, treasurer; Howard Waybright, state director, and Roy Heckenbuler, Belford Thompson Jr., Francis Sterner, M. LeRoy Zeigler, Lawrence Hartman and Richard Musselman, advisory committee members.

MANY INTRODUCTIONS

Members of the queen's court were introduced. They include Diana Bricker, Martha Hikes, Sheila Kime, Nancy Klinedinst, Carolyn Musselman, O'wyn Schwartz and Doris Yingling.

Richard C. Lighter, county supervisor of agricultural education, introduced the various agriculture teachers of the county present.

County Agent Frank Zettle and other members of the extension staff and their wives were introduced as were Michael Redding, who had the outstanding record in poultry among FFA members in the county, and John Schwartz who had the similar record in 4-H work.

Carl Seifrit, reporting on activities of the poultry group during the last year, said plans call for the poultrymen to provide the barbecue at the Blossom Tour program again this spring and the harvest festival in fruit during the fall.

Simon Rhodes, Selinsgrove, showed films and spoke on his big game hunting expeditions in Africa. Showing his kill of an elephant, he said, "I had to go back to Africa for the third time because people kept asking me why I didn't shoot an elephant."

During the meeting Gettysburg Mayor William G. Weaver signed a proclamation listing March as "Egg Month." The county organization voted to carry out promotional activities during the month such as placing place mats in various restaurants. Literature was distributed stressing the nutritional value of eggs and pointing out that while cholesterol is present in eggs, as it is in all foods of animal origin, the fats in eggs are largely of the "unsaturated" type which tend to lower the level of blood cholesterol. Eggs, with the addition of milk to provide calcium and citrus fruits to provide vitamin C, "provide all essential nutrients," it was claimed.

districts of the conference will hold services in order to place an emphasis on the evangelistic arm of the church.

Memorial EUB Church here and EUB churches of the Orrtanna Charge will be participating in the service to be held in First EUB Church, Chambersburg. Bishop J. Gordon Howard, of the East Central Area of the Evangelical United Brethren Church, will be the speaker. His theme will be "What Shall I Do With Jesus?" Dr. Howard, who resides in Pittsburgh, was elected to the bishopric in 1957. He was formerly president of Otterbein College, Westerville, O., and director of young people's work for the Evangelical United Brethren Church.

The purpose of this series of meetings is to focus attention on a conference-wide program of evangelism missions to be conducted in the spring of 1963 in which all churches will participate.

Members of Memorial EUB Church here are planning to attend the rally Sunday evening. If transportation is needed they are asked to be at the local church at 6 p.m. Sunday. The public is invited to attend the service in Chambersburg.

SILENT FILM COMEDIAN DIES

By DIAL TORGERSON
HOLLYWOOD (AP)—The scene went like this:

Clark Gable ducked as machine gun bullets ripped through the wall. Suddenly a jug-eared man with bulging black eyes looked in a window and asked:

"W-w-what's the b-b-big idea?" It brought a big laugh in a tense movie—because the face was that of Roscoe Ates, the comedian with the rubbery features and the scene-stealing stutter. For that one scene (in "A Free Soul") Ates was paid \$1,000.

That was at the peak, 30 years ago, of a career which dimmed but didn't end—until Thursday. He had long been ill with lung cancer. Ates, 67, died at a hospital in the suburban San Fernando Valley.

Ates made a small fortune in the lush days of pre-World War II Hollywood, spent it freely—with the help of broken marriages and a host of pretty starlets—and ended up as an occasional player on TV and in the movies.

His last movie part was a brief appearance in "The Errand Boy," starring Jerry Lewis. His last marriage—No. 4—was in 1961, to the former Barbara Marsh, then only 26.

Ates stuttered as a youth, cured himself, and spent years helping other stutters conquer the speech defect.

Furniture Fashion Has Three Faces

MODERN

Modern furniture design stands, this year, at the center of the stage, playing a key role in its own right and strongly influencing the characteristics of both Provincial and Classic styles. As a star in furniture presentations, it may be seen in rustic mood, borrowed from Provincial forms. Or it may appear lightly decked with Classic details. Stripped, after three decades of most of its original European influences, our modern furniture now seems to be establishing a new, purely American furniture style. With bows to the past and eyes on the future our creative designers are already showing the new directions. Cloaked in rich woods, native and imported, shielded for practicality with new materials, the new groups are now making their debut.

Whatever your choice—Modern - Provincial - Classic—we at Schmitt's will be glad to advise and coordinate your rugs - draperies and accessories to complement you and your home. Interiors by Schmitt's don't cost more—they just look that way.

Six of the planes destroyed in the conflagration were stored in the hangar, five of them privately owned by local pilots who had received their flying instructions at the airport. Two were "anchored" on the "line" outside the hangar. 24 other planes "on the line" outside were not damaged.

The loss is estimated at in excess of \$85,000.

ADVERTISE IN THE TIMES

Today's Talk

"EVERYBODY"
In the book "Ariel" which is a life of Shelley, written by Andre Maurois, in 1923, I recall coming across this bit of conversation. In speaking of balls, Mary — Shelley's wife — said:

"Everybody goes to them." Shelley, distressed, looked up at the sky. "Everybody! Who is this mythical monster? Have you ever seen it, Mary?"

To him who would give honest and true expression to his ideas, ideals, and to his life, there can be no "Everybody." Everybody must be known Nobody, excepting as he becomes in himself Everybody.

We so often hear the expression: "Everybody thinks this and that." As a matter of fact, this is merely a blind to disguise the desire upon the part of the one who uses such an expression, to speak the truth as he sees or understands it.

Physical bravery is often emphasized in deeds from those least expected to show it, but moral and spiritual bravery is a rare asset.

We care too much for what Everybody thinks and does. As a matter of fact, Everybody isn't interested to anywhere near the extent we all too often imagine.

A man rises or falls according to the value he places upon his personal kingdom.

And who is there who doesn't spend many a sleepless night talking to the employees of his Lesser Soul? It's God alone who looks after and cares about the Greater Soul. He tries us out and gives us place according to our bravery and our ability as ruler in that lower realm.

Everybody is Nobody so long as you are Somebody!

Just Folks

CONFIDENCE
They little trust their Lord, I think,
Who from the gloom of battle shrink
And stay in trest which never lifts,
Doubting the purpose of His gifts.

The weapons of a man are these:
A reasoning mind, and eye that sees,
A hand that can to skill be brought,
Courage and understanding thought.

No more God gives to men who rise
Than those whom duty terrifies:
Hands, eyes and brain, and yet with these
One dares the test another flees.

Oh Boy, of self be not afraid!
Doubt not that you are nobly made.

Be not so foolish as to fear
That God has sent you helpless here.

These are His weapons given to you:
The power to think, the power to do;

And if you fear to test their worth
You doubt the God Who gave you birth.

1st Deadline Past For Steel Contract

PITTSBURGH (AP)—With one agreement "deadline" past, top negotiators entered another session today in attempts to formulate new contracts for 430,000 basic steelworkers.

Thursday had been set as an informal target date for agreement on new pacts, but negotiators announced that no such agreement had been reached.

In a joint statement, President David J. McDonald of the United Steelworkers Union and R. Conrad Cooper, negotiator for 11 major steel producers, said:

"We are perfectly aware that this date of March 1 has been given a lot of significance all during our negotiations. But we remind you that dates, in relation to these negotiations, have been discussed only in terms of self-imposed target dates rather than as inflexible deadlines."

A few days after formal talks opened Feb. 15, McDonald and Cooper said they were hopeful of reaching some sort of an agreement by March 1.

Current agreements expire June 30. Steelworkers average \$3.28 an hour under these pacts.

The union is seeking stronger job security measures, improved unemployment benefits and higher wages.

BLOOM HOPES FOR HARMONY TICKET SOON

By THE ASSOCIATED PRESS
CHESTER, Pa. (AP)—Republican State Chairman George I. Bloom, who says he is working toward a harmony ticket, held out hope today for a solution by Saturday to prevent a primary battle for governor and senator.

"We had a thorough discussion of the entire situation," Bloom said after 11 southeastern Pennsylvania Republicans met for 5 1/2 hours Thursday without successfully resolving differences among various factions.

"But we have come to no definite conclusion," Bloom added. "However we are hopeful that a definite announcement can be made within the next 48 hours."

He declined to elaborate except to say the statement would come from Harrisburg.

COMPROMISE TICKET

But the Philadelphia Inquirer reported today that "southeastern Pennsylvania Republican leaders reached a conditional agreement Thursday on a compromise ticket headed by Rep. William W. Scranton of Lackawanna County for governor and Rep. James E. Van Zandt of Blair County for U.S. Senator."

The Inquirer said it was learned that "the agreement is dependent upon Scranton accepting Van Zandt as his running mate even if attempts are made to upset the compromise by forces associated with political leadership of Sen. Hugh Scott."

Scranton had said early this week that Van Zandt was acceptable.

The group met in the Chester home of John J. McClure, former state senator and now Delaware County boss. The same group met at McClure's home Monday and endorsed Van Zandt for governor after Superior Court Judge Robert E. Woodside withdrew.

Bloom reported that the group originally had endorsed Scranton for governor and Van Zandt for senator but when Scott declined to immediately accept the Altoona congressman on the ticket, the group decided on Van Zandt as the gubernatorial candidate.

SEEK 2 INDOOR MARKS AT GAMES

NEW YORK (AP)—Leatherneck John Uelses shoots for another 16-footer and big Gary Gubner goes after his own 2-week-old indoor shotput record tonight in the features of the Knights of Columbus track meet in Madison Square Garden.

Uelses, a corporal from Quantico, Va., is the world's only 16-foot vaulter. He did it twice earlier in the season—16 1/4 in the Millrose meet and 16 1/4 in the Boston AA Games.

Then he came down with the flu and in the Louisville meet couldn't even clear 14 feet. He went back to sick bay and missed the National AAU Championships last week, but when he arrived today he said he felt fine.

Gubner likewise has spent the winter breaking all the indoor shotput records in the book. His best is 64-11 3/4. There is only one better throw on the books, Bill Nieder's 65-10 world outdoor record. The 260-pound Gubner, a New York University sophomore, said he intends to reach at least 65 feet in the K of C meet.

GOOD NEIGHBOR AMONG PLANE CRASH VICTIMS

By EDWARD J. DENNEHY
MINEOLA, N.Y. (AP)—You'd see the little guy with the crinkly grin shoveling snow from the sidewalks of his elderly neighbors. On wintry mornings he'd be out in the street helping to get balky automobiles started.

That was Stephan A. Shan, 48. He kissed his wife, Ruth, and two youngsters, Emily, a 14-year-old blonde, and Stephan Jr., a sturdy 7-year-old, and said goodbye Thursday.

He left on a business trip to the West Coast.

He never came back.

Shan was one of the 95 victims in the jet airliner crash in Jamaica Bay.

He lived at 448 Macatee Place, a short residential street in this Long Island community. A commuter, he was inventory controller for the G. R. Kinney Corp. in nearby New York City.

NEIGHBORS MOURN
In a scene repeated many times around the country Thursday, friends and neighbors went into the comfortable brick home to console Mrs. Shan when they learned of the plane crash. With tears welling in her eyes, she told them of her hours of suspense. She knew her husband was scheduled to take that plane, but maybe there was a chance he wasn't aboard. The tragic confirmation came hours later.

Tree-lined Macatee Place was a sad spot Thursday night. The short street has only 18 houses lining it. Neighbors walked through the gray patches of ice left by a recent storm, and quietly tendered their condolences to the family.

"ALMOST WORDLESS"
Peter J. Smith, who was a particularly close friend of Shan's, lives at No. 455. He was almost wordless. His eyes glistened behind his glasses. He sat silently in the parlor as people filed in and out.

The Shans' daughter Emily sat curled up on the sofa leafing through the newspaper stories telling of the crash. Little Stephan Jr. was upstairs in a bedroom—perhaps too young to realize his loss.

Alfred R. Boyd, who lives across the street at No. 447, summed up the neighbors' reaction.

"Steve was a devoted family man. Whether you were a friend or a stranger, he was always ready to help you. Why, just a few weeks ago, he went out of his way to drive me to the railroad station when I couldn't get my car started. It's a big loss to our community."

Mrs. Shan walked out to the front door with one neighbor as he ended his visit. She said: "Steve was always merry, always happy. He enjoyed life. I must hang on to that thought."

Bullets Cop 18th Win At Lancaster As Power Failure Halts Contest

Despite having the last 1:31 cut off at the end of the game, Bob Hulton's Gettysburg College Bullets racked up their 18th win of the season by walloping Franklin and Marshall 84-54 Thursday night in the Dips' new physical education building before 1,300 fans.

Just after Ted Koerner landed a tap-in and the Diplomats' Bill Pappas was bringing the ball up court, the power went off and activity was forced to come to a standstill in a sea of darkness for a little over a minute until the emergency lighting system was turned on. This was not enough light to continue the game. Through mutual agreement the contest ended with 1:31 remaining.

DIPS SHOW FORM

F. and M. gave the Bullets a real tussle up to the 4:20 mark of the first half. After Ron Warner opened the scoring with a jump from the key, Ken Leslie and Pappas rammed through three quick goals and the host club led 6-2. Warner and Bob Parker made it 6-6 before Dave Mahland drove up the center. The lead then saw-sawed two more times and the count was deadlocked three times, the last being 25-25 with 5:33 remaining. Doug Kepner then hit from the left side and Parker went in for a two-hand lay-up to make it 29-25 and Gettysburg went on to hold a 39-27 advantage at half time.

Warner opened the second half with a pair of two-pointers and Simpson connected from the corner to make it 45-27 in the early moments of the second 20 minutes. Gettysburg steadily increased its lead and with 7:28 remaining in the game Coach Hulton cleared his bench but went the rest of the way with Junior Ted Koerner. Koerner found his old form, landing the last 13 points of the contest.

Warner was the game's leading scorer with 26 tallies on 10 of 16 field shots and six of seven free throws. Koerner registered 19 while Parker recorded 14. Dave Mahland topped the Dips with 13 counters while Bob Baber and

Rain Causes Delay In Golf Tourney

BATON ROUGE, La. (AP)—Aching ears notwithstanding, long hitting Arnold Palmer is a big favorite to win his third straight Baton Rouge golf title in the weather-delayed \$20,000 tournament which tees off today.

Heavy rains drenched the oak-lined Baton Rouge Country Club layout Thursday, forcing postponement of the first 18-hole round for 24 hours.

The 72-hole event will have to be crowded into three days with a 36-hole windup on Sunday.

Palmer, whose ears abcessed earlier in the week, said he was feeling better. A surgeon lanced his ear drums to allow them to drain and the 32-year-old Pennsylvania swinger—who plays of Miami, Fla.—also lost his equilibrium.

"The doctor seemed to think with a day off it should be all right," Palmer said.

Lucas Heads All-American AP Cage Team; Warner Is Given Honorable Mention

NEW YORK (AP)—Len Chappell of Wake Forest, a 6-8 Senior from Portage, Pa., today was named to the Associated Press 1962 All-American college basketball team while three other players on Pennsylvania teams received honorable mention.

The honorable mention list includes Hubie White of Villanova; Ron Warner of Gettysburg, and Willie Somerset of Duquesne.

NEW YORK (AP)—Five seniors topped by Ohio State's Jerry Lucas, make up the 1962 college basketball All-American announced today by The Associated Press.

Named to the first team with Lucas were Terry Dischinger of Purdue, Billy McGill of Utah, Chet Walker of Bradley and Len Chappell of Wake Forest. Lucas, Dischinger and Walker are leaders from the 1961 All-American. In addition, Lucas is the first 3-time All-American since Oscar Robertson of Cincinnati.

Lucas, Dischinger and McGill topped the voting by 322 sports writers and radio-TV broadcasters. On the basis of five points for a first team vote and two points for a second team and Lucas polled 1,589 points. Dischinger got 1,273 and McGill 1,151.

MORE SECOND VOTES

Walker was next with 828 while the 240-pound Chappell barely won out over John Havlicek of Ohio State, and Art Heyman of Duke,

Ken Leslie hit for 12 and 11, respectively. Gettysburg had a 50 per cent night from the floor, landing 35 of 70 shots. Franklin and Marshall connected on 21 of 58 goal tries.

Warner broke two more records which he had established earlier in his career. The York native rammed through 26 points to bring his season's total to 638. His previous high was 623 last year. He also hit on 10 goals for a season's high 238, 10 better than that of 228 set his sophomore year.

FRESHMEN WIN

John Carpenter's Gettysburg yearlings evened their season's slate at 10-10 by crushing the Franklin and Marshall Frosh 65-47 in the preliminary game. Roger Ecker, former Gettysburg High School cager, was the game's leading scorer with 21 counters. George Strouse landed 18. Bill Boucher topped the Little Dips with 15 tallies.

Both Gettysburg teams will play their final contest of the season Saturday night in the physical education building. A capacity crowd will be on hand when the varsity tangles with Temple in a very important Middle Atlantic Conference clash. The yearlings will meet Stevens Trade of Lancaster in the 6:45 preliminary.

12th IN NATION

Ron Warner, Gettysburg College cager, jumped to 12th place among the nation's major college scorers in games through February 27. He has 612 points for a game average of 25.5. Warner is also 15th in foul shooting percentage with a mark of .833. The Bullets team is 14th on defense, permitting 60.7 points per game. The statistics were announced this week by the National Collegiate Athletic Bureau.

for the last berth on the first team. Both Heyman and Havlicek received more first team votes, but Chappell sneaked in with 691 points helped by 103 second team votes.

Havlicek, with 686, and Heyman with 685 topped the second team. Joining them on the second five were Charles Nash of Kentucky (494) John Rudometkin of Southern California (416) and Rod Thorn of West Virginia.

Paul Hogue of Cincinnati, Don Nelson of Iowa, Jack Foley of Holy Cross, Jimmy Ray of Indiana and Dave Debuschere of Detroit landed the third team places.

The talents of the first team are well known to fans. All are tops when it comes to shooting, passing, floor work and rebounding.

NASH IS SOPHOMORE

Lucas, 6-8, led the Bockeyes to their third straight Big Ten title, while Dischinger, 6-7, was the Big Ten leading scorer. The 6-9 McGill set Skyline scoring records and the 6-6 Walker, known as the jet, became Bradley's all-time scorer. Chappell, one of the fastest 6-8 players in the game, led Wake Forest to the Atlantic Coast Conference regular season championship. He was a whiz during the latter part of the season.

Nash led Kentucky back to prominence as a sophomore while Heyman, a junior, was Duke's showpiece. Havlicek, a senior, was a big factor in Ohio State's success.

Walker was next with 828 while the 240-pound Chappell barely won out over John Havlicek of Ohio State, and Art Heyman of Duke,

An Open Letter To Ron Warner

On Saturday when you take the floor against Temple it will be your last appearance in a Gettysburg College uniform. This is one night we all dread.

During your three years of varsity ball you have provided us, as well as the thousands of other Gettysburg fans, with thrills that may be matched but never topped.

When you arrived from York, you almost immediately created a legend at Gettysburg. Your performance as a freshman was remarkable, but nothing compared to your play on the varsity squad.

With your will to win and driving ability you have scored many an impossible point and have written a complete story in Gettysburg College basketball.

We have never seen you that you were not a gentleman and true sportsman.

We will never forget when hit 22 of 22 free throws. Nor will we ever forget the night you scored your 1,500th point.

You have set records that will long stand at Gettysburg. They said it couldn't be done, but a little 5'9" lad named Warner proved the experts wrong.

Whatever you may choose to do after Gettysburg, we wish you the best of luck.

I am not a sports writer, but we are sports fans, and have truly enjoyed the thrills you have provided for us.

Thanks again for the kind of basketball all local fans could be proud of.

LISTON TURNS DOWN PARLAY

NEW YORK (AP)—Sonny Liston, clamoring for a shot at heavyweight champion Floyd Patterson for 10, these many months, has turned thumbs down on a parlay of the champion and a payday ranging from \$200,000 to about \$700,000.

"Ridiculous," the heavy-fisted challenger snorted of promoter Tom Bolan's offer Thursday. The offer included a \$200,000 minimum guarantee, which Bolan called the highest ever offered a challenger.

Later, however, a source close to Liston who declined to be quoted by name, said Liston's refusal stemmed from difficulties surrounding a return bout clause in the agreement.

WANTS TO CALL SHOTS

Liston himself said he objected to Patterson's right, under Bolan's offer, to call the shots in the second fight if a return was necessary.

"They want to name the site, promoter, everything," Liston said.

"A challenger cannot be permitted to price himself out of the market," said Dr. Charles P. Larsen, National Boxing Association president, in Tacoma, Wash.

He said by refusing the fight, Liston could be removed as the leading contender.

Patterson and his manager, Gus D'Amato, were not available for comment.

Hull Eyes Mark— At Bruins' Expense

BOSTON (AP)—If Bobby Hull ties the National Hockey League single season record for goals, he owes a tip of his stick to Boston.

The blond Chicago strong boy scored twice Thursday night in the 5-4 victory over the Bruins and needs eight goals in as many contests to reach 50. It was the only game scheduled.

All NHL rivals have been thriving on the porous Boston defense this year, but none with quite the fine touch of Hull.

Bobby has 42 goals—14 of them at Bruins expense.

Mount Trounces Roanoke To Move To Semi-Finals In M-D Tourney Tonight

Mt. St. Mary's opened defense of its Mason-Dixon Conference basketball title by breezing to an 80-66 decision over Roanoke in the final of a four-game program which opened the 22nd annual tournament Thursday at Emmitsburg. The Mountaineers are the only team remaining in competition which previously won a title.

In other games Hampden-Sydney whipped Washington College 97-88, Randolph-Macon downed Ross Sachs' Johns Hopkins outfit 66-52, and Catholic University topped Loyola in a mild surprise 57-50.

Tonight at 7:30 Randolph-Macon tangles with Catholic after which the Mount opposes Hampden-Sydney. The winners tonight meet for the conference title Saturday evening at 8:15.

IN SLOW START

The Mountaineers, boosting their overall record to 17-6, got off to a slow start against the Maroons but broke loose on several fast breaks, led by Eddie Pfeiffer and Dave Maloney, to grab a 14-7 advantage after about five minutes and held a 34-24 advantage at half time.

Midway through the final half the Mount was on top 52-36 and was in command the rest of the way.

The Mount had five scorers in double figures with Capt. Dick Talley, Maloney and Pfeiffer leading the group with 17, 17 and 15.

HARDIN NETS 43

Sparked by a 43-point output by Bill Hardin, the conference's leading scorer, Hampden-Sydney fought off a late rally by Washington College to win the opening game. The Shoremen pulled to within 78-73 with 7:00 left but clutch foul-shooting by the Tigers clinched the decision. Jack Sullivan, former Mount ace, holds the tournament record for most points in a game at 55.

Randolph-Macon took an early lead and led all the way in eliminating Johns Hopkins. The Yellow Jackets, upping their season record to 17-6, were led by Frank Allen who dropped through 22 points.

The most excitement during the evening was provided in the third game when Catholic downed Loyola in a heated battle which brought on a fast-swinging finish between players and spectators.

With only seconds remaining and Catholic leading 55-47, tempers flared and it took several minutes to clear the court.

About 1,500 fans witnessed the opening day preliminaries but tonight the attendance is expected to reach the capacity mark.

Cincinnati Waiting Outcome Of Bradley-St. Louis Game

By BOB GREEN
Associated Press Sports Writer

The Cincinnati Bearcats are now in the frustrating position of being able to do nothing but sit and wait, and hopefully polish their already glossy skills.

The Bearcats have finished their regular season play, but not yet know whether they're going to make it to the NCAA Midwest regional tournament—the first stop in the defense of their national basketball championship.

They won't know until Saturday night when Bradley plays at St. Louis.

NARROW VICTORY

Cincinnati completed its regular season with a narrow, 61-58 victory over nonconference Xavier of Ohio. That gave the Bearcats, ranked second in the nation, a 24-2 record. They own a 10-2 mark in the Missouri Valley Conference and are assured of at least a tie.

Bradley is 9-2 in the conference and could tie Cincinnati with a victory over St. Louis, a team it beat at Peoria earlier this season. Should Bradley win, the Braves and Bearcats will meet in a one-game playoff for the right to compete in the NCAA tourney.

The loser will get a bid to the NIT. Seventh-ranked Bowling Green, already in possession of its league

BIG JOHN IS TOWN HERO IN RESCUING 40

SALYERSVILLE, Ky. (AP) — Big John Hank, a man who identifies himself as the town's handy man, is a hero today because of his daring rescue of some 40 persons stranded by rampaging flood waters.

Hank, who is slightly over six feet and weighs 215 pounds, waded into flooded areas of Salyersville pulling a motorless boat, and rescued some 40 persons stranded by flood waters of rampaging Licking River.

Hank's feats occurred Tuesday, but did not come to light until an official mentioned them to Gov. Combs Thursday.

HARD HIT TOWN

Hank said, "Somebody had to; you just couldn't let them drown." Hank said he and Paul Marshall, whose family Hank first rescued, worked 11 straight hours without rest, pulling the boat hundreds of feet through water five feet deep in places.

"He was the only man in town who could have done it," said County Judge Clyde Salyer. "He's a big husky fellow, kind of tall, and could walk in deep water without falling down."

Hank loaded five or six persons at a time in the little boat, Salyer said. "These people might still be isolated—maybe even dead — if he hadn't gone in there and got 'em." Hank is 45.

Salyersville was one of the towns hardest hit by the floods that swept eastern Kentucky Tuesday.

RETURNS FROM VACATION

WASHINGTON (AP) — Mrs. John F. Kennedy returned to the capital Thursday night after a week's vacation in Florida.

The Kennedys' two children, Caroline and John Jr., were with her on the flight from Palm Beach in the family plane. The First Lady is scheduled to leave next Friday on a trip to India and Pakistan.

LAOS GROUND RECAPTURED

VIENTIANE, Laos (AP)—Reinforced government troops at Nam Tha in northwest Laos have recaptured some high ground against little resistance, informed military sources said Thursday.

The improvement of the government position at Nam Tha village, 100 miles north of the royal capital of Luang Prabang, and a considerable decline in fighting throughout Laos in the last two weeks coincides with renewed efforts of Laotian leaders to reach agreement on a coalition government.

In the last two weeks neutralist Prince Souvanna Phouma and leaders of the royalist government have had two meetings and may meet again soon.

At Nam Tha, which pro-Communist Pathet Lao troops and forces from Communist North Vietnam attacked in January, government units have been able to retake ridges to the northeast and east, military informants said.

Says Last 6 Months Dryest Since 1939

MIAMI, Fla. (AP) — The past six months have been the driest since the U.S. Weather Bureau began keeping records at Miami International Airport in 1939.

The Weather Bureau said only 11.19 inches of rainfall were recorded during the six-month period ended Feb. 28, compared with the normal average 25.18 inches. The previous low of 16.66 was recorded during the same six months of 1951-1952.

T. WILDER TO PLAY "A BUM"

FRANKFURT, Germany (AP) — "I'm heading out into that Arizona desert to be a bum for two years," said Thornton Wilder.

"As soon as I get back to the states it's going to be two years without neckties, without shoes, and without cultivated conversation," the American author and playwright said Thursday.

Wilder, 64, here from New York for the premiere of an operatic version of his play "The Alcestiad," said he had wanted to slip away to the wild beauty of that desert for the past 30 years but had only recently decided to take the step.

"It's like suicide with some people who always talk about it yet never do it, but now I'm going to realize my ambitions," the writer continued. He said he needed to "renew the spirit" and "renew all in some quiet place."

After the two-year sabbatical, writer continued.

Wilder plans to get back to the United States toward the end of March and will go immediately to Arizona to search for his retreat.

Wilder, who in recent years has made his home at Hamden, Conn., is best known for his play "Our Town" and "The Skin of Our Teeth" and his novel "The Bridge of San Luis Rey," all three of which won Pulitzer Prizes.

CANCELS ALL EXIT PERMITS

SAIGON, South Viet Nam (AP)

—President Ngo Dinh Diem's government has canceled all exit permits issued to Vietnamese prior to the attack by two renegade fighter pilots on the presidential palace, informants said Thursday.

The action was believed taken to prevent anyone who might have been in on the assassination plot from fleeing though there was no indication yet that Tuesday's raid involved anyone other than the pilots of the two planes.

One pilot was shot down and captured near Saigon. The other crash-landed in neighboring Cambodia, and the government has asked for his extradition.

Officials said the pilot in Vietnamese hands was still being questioned but no word filtered out of what he was telling his questioners.

Diem and his brother and closest adviser, Ngo Dinh Nhu, escaped unhurt from the attack but Nhu's influential wife suffered an arm injury in a fall. The raiding planes wrecked a wing of the palace where the president's relatives lived. The ruling family moved into an alternate palace.

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP) — Women sure are a lot of trouble to themselves—and anyone else who has the misfortune to get caught up in their turmoil.

There are only two types of ladies a man sits next to on airplanes:

(1) Those mad at their son-in-law, who insist on telling you why.

(2) Squirmlers.

The other day I boarded a plane and the stewardess flagged me to a seat next to a strange lady.

She had the look of a woman who had been ordering the same man around for years. I could tell at a glance she was a squirm.

All I wanted to do was to nap until we reached our destination. But instinctively I realized I was in for trouble.

MADE AN ENEMY

Sure enough. As soon as I closed my eyes, the lady said: "This airplane is too cold. I feel a draft in here."

Automatically I reached up and began to turn off the air vent. "You're turning it the wrong way," he lady said positively I kept on turning the gadget in the same direction. The flow of air stopped.

The lady gave me a 300-kilowatt glare. I had done the unpardonable thing. I had proved her wrong.

CRITICIZES PILOT

I closed my eyes again as the plane started down the runway and rose into the sky.

"He took off too fast," said the lady.

"Probably a beginner," I mumbled, and closed my eyes.

"My, it's getting warm in here," said the lady.

I reached for the air vent.

"You're turning it the wrong way," she said. I kept on turning it in the same direction. Cool air rushed out.

DO IT DID

The lady gave me a 600-kilowatt glare. I had proved her wrong twice in 10 minutes. I realized I had made a lifelong enemy.

I closed my eyes.

"I hate to bother you, but could you reach me a pillow?" I reached for a pillow, and closed my eyes. Three minutes later she said, "Would you mind putting the pillow back now?"

Well, so it went. Every time I closed my eyes the lady wanted something else—a magazine, a drink of water, et cetera, et cetera and et cetera some more.

When the meal came, the lady couldn't get the paper off her dab of jelly. I got it off all right—and got the jelly all over my hand. Gallantly, I offered her my jelly.

"Is it the same flavor?" she demanded suspiciously. I assured her the airline played no favorites.

I closed my eyes.

"I've been visiting my daughter," said the lady, "and—" She went into a 45-minute denunciation of her son-in-law.

I closed my eyes.

"Par'n' me," said the lady, climbing over me to go the rest room. On the way one of her spiked heels raked my right shinbone. On the way back she wounded the left shinbone.

A Lovelier You

By MARY SUE MILLER

FOREVER SLIM. A lov'y asks: Must I count calories all my life? As soon as I stop dieting, the pounds start creeping up.

The Answer: Sad to say, the majority of reducers lose weight

and quickly gain again. The cause is fat or crash dieting.

A proper diet aims at two results—lowered weight plus new eating habits. No fad regimen accomplishes the second purpose. It simply does not give the reducer sufficient time to become accustomed to less food. Consequently, once slimmed, she goes back to her old way of over-eating and overweighing.

To stay slim, you must find a middle ground, and a sensible diet helps you do just that. For while dieting it offers you a variety of delicious menus in correct balance, so that you develop a sort of intuition about the kinds and amounts of foods which will maintain your ideal weight.

You come to sense that the little things can make the difference between a slim and a hefty figure. Eating just 100 calories a day more than your body needs will cause a weight gain of 10 pounds a year.

Yet you can save more than 100 calories by learning the calorie-cutting tricks that a good diet teaches. For example, using Italian-style low calorie dressing to make garlic bread or herbed bouillon instead of cream sauce in casseroles.

No, my lovelies, you do not have to count calories forever to stay forever slim. You only have to learn how to eat for health and beauty, for enjoyment without punishment.

LOSE WITHOUT BLUES

Weep no more about excess weight! You can lose without hunger pangs, fatigue and flabby aftermaths. Just send for "Lose Without Blues," a 16-page booklet that gives delicious menus, easy spot-reducing exercises, dieting tricks, your model weight and how to maintain it. DESIGNER SIGNED

NEW YORK (AP) — Margaret Harris, a busy stage designer, is doing the sets for "The Complainant Lover" as her first U.S.-only show in 14 years.

Known professionally as Motley, Miss Harris in the interim has been busily occupied with English productions including three recent collaborations with Glen Byam Shaw, who is director of Graham Green's marital comedy.

twice and I picked it up both times. She opened her compact and spilled powder on my suit. She opened a bottle of perfume, put a drop behind each of her ears, spilled the rest of the bottle on me.

Desperately, I closed my eyes—but we were coming in for a landing.

She tromped on both my shinbones getting out. As we left the plane she was met by her husband.

EXPLAINING TO WIFE

"Did you have to wear that suit?" she asked. "You know I don't like it."

"Have a nice trip, honey?" replied husband.

"Terrible," I heard her say. "I tried to get a nap, but the man sitting next to me jabbered all the way."

If her husband had been half my size, I would have rushed up and hit the lady in the nose right there. Unfortunately, her husband was more than half my size, so I didn't.

I just went home and tried to explain to my wife why I smelled of perfume, and she said, "A likely story—what really happened?"

GINGER ROGERS SAYS TV FOR "MEN MOSTLY"

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Ginger Rogers, after worrying over the problem for several seasons and asking questions, confesses she is stumped. She doesn't know why women have such a hard time in television.

"It seems to me that television is like automobiles," she said. "Designed by men, and mostly for men."

"By next season there probably won't be a single series starring a woman, and as far as I can find out very, very few women behind the scenes have any say about programs."

Miss Rogers admits she doesn't understand this attitude.

Ginger, however, does not find this a personal problem. She is satisfied with occasional TV guest starring appearances, including her hostess chores on tonight's salute to Irving Berlin on NBC's Telephone Hour, hand-picked motion picture roles and some stage appearances.

Tonight Miss Rogers will dance and sing. She's a natural choice as hostess, for she appeared in many Berlin shows over the years.

ADD TITLES

ABC, whose shows seem to dote on way-out titles, has a couple of collectors' items coming up next week on "Ben Casey" and "Naked City." On Monday night Ben's adventures will be wrapped in "For the Ladybug, One Dozen Roses." And on Wednesday, the police drama will work in an episode called "Today the Man Who Kills the Ants Is Coming."

Recommended weekend viewing:

Tonight—Telephone Hour, NBC, 9:30-10:30 (Eastern Standard Time)—"Songs of Irving Berlin," with Ginger Rogers, Johnny Desmond and Janet Blair.

Sunday—GE Theater, CBS, 9:30 p.m.—"Ten Days in the Sun" with Ed Wynn and Andy Devine; "Regards to George M. Cohan," NBC, 10-11—musical special with Peter Lind Hayes and Dorothy Loudon.

100 Years Ago This Week...in THE CIVIL WAR

(Events exactly 100 years ago this week that led to the Civil War—told in the language and style of today.)

Jefferson Davis Becomes South's First President

RICHMOND, Va., Feb. 22—Jefferson Davis was inaugurated as permanent president of the Confederate States of America in a rainsoaked ceremony here today.

The 53-year-old native of Mississippi gave a crackling inaugural address, criticizing the north's President Abraham Lincoln on several points, but seemed unable to draw the crowd out of its general air of gloom.

Accounts reaching this Confederate capital of decisive defeats in Tennessee, notably at Fort Donelson last week, have plunged the city into despair and forboding.

Alexander H. Stephens of Georgia, 50-year-old former Congressman, was sworn in as vice president. He and Davis were named to their posts provisionally when the interim Confederate government was formed a year ago.

Davis is a striking looking man—more than six feet tall, with finely-etched features and eyes the color of pine cone smoke.

He served as secretary of war under President Franklin Pierce from 1853 to 1857 and was twice a U.S. Senator from Mississippi.

BORN JUNE 3, 1803, in Kentucky—ironically, only 100 miles from the birthplace of Lincoln—Davis was the 10th child of Samuel Davis, a tobacco planter who served in Georgia during the Revolutionary War.

Davis attended Transylvania University in Lexington, Ky., and later the U. S. Military Academy at West Point, graduating in 1833, 23rd in a class of 33.

He served in the Blackhawk War and with distinction in the Mexican conflict, being wounded at Buena Vista.

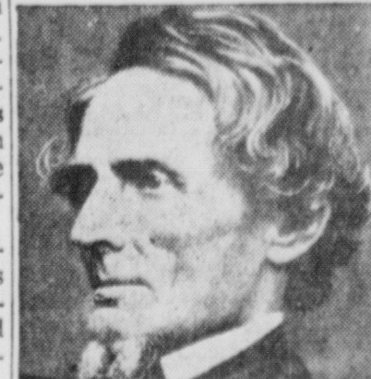

Personal tragedy blighted his young adulthood.

His first wife, Sarah, daughter of former President Zachary Taylor, died three months after their marriage. The present Mrs. Davis, the former Anne Howell, is the daughter of a rich Mississippi planter.

The Davis plantation, "Brierfield," on the high banks of the Mississippi, is a Southern showplace.

WHILE SERVING in Congress as a representative of Georgia, Stephens, a small, intense man, earned a reputation as a hard and unswerving fighter.

He and Lincoln were allied, as

Jefferson Davis Begins six-year term

against the Know-Nothings and anti-Catholic movements in Georgia.

He is widely quoted as once having told a Know-Nothing group:

"I am afraid of nothing on the earth, or above the earth, or under the earth, except to do wrong."

Earlier this week, the Confederacy's new permanent constitution went into effect. The document differs from the original U. S. constitution in many respects, notably:

—The president is elected for a six-year term and cannot succeed himself.

—Specific mention was made of slaves and the rights of slave owners, although further importation of slaves is prohibited.

President's Son Dead at 11

WASHINGTON, D. C., Feb. 21—The capital was saddened today by the death of William Wallace Lincoln, 11-year-old third son of President Lincoln.

The chief executive and his wife were reported to be plunged in grief. Their eldest son, Robert Todd, is enroute from Harvard University to join them.

The death of young William is the second severe blow to the Lincoln family. Another son, Edward, died in Springfield, Ill., home of the Lincolns before the election that proclaimed Mr. Lincoln president.

And their youngest son, Thomas—whom they call "Tad"—is reported to be dangerously ill, confined to his White House room.

Cause of William's death has not been determined, but typhoid is suspected.

GLENN VISITS U.N. AND MEETS SPACE GROUP

By RAY KOHN

NEW YORK (AP) — John H. Glenn Jr., the blastoff of this city's wildest hero welcome still echoing in his ears, visits United Nations headquarters today.

Among those accompanying Glenn are Vice President Lyndon B. Johnson and Adlai E. Stevenson, U.S. ambassador to the U.N.

The visit was by special invitation of U.N. Secretary-General U Thant. The hour-and-a-half tour includes an informal session with delegates on the 28-nation U.N. committee on the peaceful uses of outer space.

Glenn, a down-to-earth gentleman except when he is in his space suit, was visibly overwhelmed by the outpouring of an estimated four million New Yorkers greeting him on his first day here.

ATTEND SHOW

Tragedy also took the stage on Glenn Day as 95 persons perished when an airliner plunged into Jamaica Bay after takeoff from Idlewild Airport. It was this nation's worst plane crash involving a single commercial aircraft.

After a late afternoon rest, and a private dinner, Lt. Col. Glenn and the six other U.S. astronauts and their families attended the Broadway hit show "How to Succeed in Business Without Really Trying." Other theatergoers cheered and applauded at their entrance.

About 1,000 persons stood in the freezing cold outside the theater to cheer their arrival. A crowd of similar dimensions was on hand when they left.

REFER TO FLIGHT

The actors added a line to the show in referring to American know-how, the line pointed out, as a prime example, the development of the Friendship 7—the capsule which took Glenn 81,000 miles on his three-orbit journey around the world on Feb. 20. The line drew a wave of applause from the audience.

After the performance the Glenn party went backstage. The

Social Security

Q. When I signed up for social security benefits last year, I remember that something was said about filing a report at the end of the year. Could you explain to me again what kind of report is required?

A. If you earned over \$1,200 last year, you are required to file a report of your earnings with the Social Security Administration on or before April 15 of this year. Failure to do so may result in an additional loss of benefits. But remember, if your earnings did not exceed \$1,200, or if you were over age 72 during the entire year, no report is necessary.

Q. Although I filed a social security claim in 1961, I continued working the entire year and earned \$6,050. Since I retired the first of this year, I now want to begin receiving my benefits. Will it be possible for me to have my benefits increased because of my high earnings last year?

A. Yes. You should see your social security office. If you worked as an employee, bring your W-2 form for 1961; if you were self-employed, bring in a copy of your income tax return as well as proof that you paid your self-employment tax.

Q. I am receiving benefits for three of my children under age 18.

Astronauts congratulated the actors and actresses, who in turn congratulated the astronauts.

During intermission of the two-act musical, Glenn remained in his third-row center seat.

HOMETOWN WELCOME

After the show, it was off to the Waldorf-Astoria hotel's Empire Room where the Glenn party was entertained by singer Dolores Gray.

Later Miss Gray told the Marine officer, "Thank God you're back."

The Glenn family then retired to their 13th-floor Waldorf-Astoria suite.

After Glenn leaves here Saturday for a weekend visit to his hometown of New Concord, Ohio, his schedule calls for his being on the job Monday at Langley Air Force Base in Virginia.

Three Native Pennsylvanians Among Plane Crash Victims

By THE ASSOCIATED PRESS

The captain, first officer and a stewardess on the American Airlines Astro-Jet which crashed in New York, killing them and 92 other persons, were natives of Pennsylvania who had been living in California.

A New Cumberland, Pa., man also was among the dead. He was Ernest J. Simeone, 53.

The dead crew members were Capt. James T. S. Heist, 38, born in Glenside; first officer Michael Barna, 34, born in Kingston, and stewardess Lois Ann Kelly, 24, of Havertown.

For about two agonizing hours, Mr. and Mrs. Clifton Kelly of Mount Union thought the stewardess victim was their daughter. The Clifton Kellys' daughter also is named Lois Ann but she called from New York City and banished their fears. She is planning to be married next month.

PLANNED FLIGHT

"We just can't thank God enough," said Clifton Kelly after learning his 25-year-old daughter, who is a stewardess for Overseas National Airlines, was alive. "We are so very relieved," he said.

The Mount Union Miss Kelly had planned to fly to her home in California from New York Thursday with her fiancé, Steve Berger, of Oakland, Calif. They had been visiting her parents.

Clifton Kelly said his wife had been placed under sedation when she heard Lois Ann Kelly was reported among the dead.

Kelly said he was making frantic phone calls to New York when finally Lois Ann called about noon. She said she had just

Last year the oldest one worked full time during the summer and part time during the rest of the year. I believe he earned about \$1,275. Is it necessary for me to file a formal report of these earnings?

A. Yes it is. The law requires you file an annual report of his earnings before April 16 of this year.

Q. Did the social security tax rate go up this year?

A. Yes. If you work as an employee, both you and your employer must pay a tax of 3% per cent of the first \$4,800 you earn. If you are a self-employed person, the amount you must pay is 4.7 per cent of the first \$4,800 of your net profit.

Q. My father worked for me all last year on my farm. Do I have to pay the social security tax on the wages I paid him?

A. 1961 was the first year that work done by a parent for a son or daughter in a trade or business was covered by social security. Therefore, you are required to report the wages your father earned last year and pay the required social security tax.

Q. I have reason to believe that the employer I worked for early in 1961 did not report my wages. How can I find out for sure?

A. You can check your social security record for 1961 by writing the Social Security Administration in Baltimore, Maryland, anytime after July 1, 1962. Your social security office can give you a post card form for this purpose. If you find that any of your earnings have not been properly reported, you should immediately get in touch with your social security office.

But after several hours of checking, it was reported, that Simeone had been aboard the plane and termed the telephone call "a hoax."

Protestants Take Part In Seattle Fair

By DALE NELSON

SEATTLE, Wash. (AP)—"We wanted to do something which people who do not go to church would not expect the churches to be doing."

This, says Dr. Lemuel Petersen, has been one of the principles in planning Protestant church participation in the Seattle World's Fair.

The fair opens at noon April 21, twelve hours before Easter Sunday.

The emphasis will be on science

and technology, but a stone's throw from the U. S. Science Pavilion will be the Christian Witness Pavilion.

What are the things people might not expect churches to be doing?

CARE FOR CHILDREN

For one thing, caring for children while their parents see the fair. For another, presenting a seven-minute film recounting in space-age countdown fashion the crises of life. For a third, not having anybody preach a sermon.

Dr. Petersen, executive secre-

tary of the Greater Seattle Council of Churches, says planning started in 1959.

"A Princeton student wrote that she had read about the science fair and wanted to know what the churches were doing," he recalls.

Local church leaders got busy and formed Christian Witness in Century 21, a corporation with 21 Protestant and Orthodox denominations participating. Dr. Luvern L. Rieke, a law professor at the University of Washington and an active Lutheran layman, was elected president, and Dr. Petersen became executive vice presi-

dent.

\$300,000 BUDGET

Th local church leaders, meeting for weekly prayer and planning sessions, set a budget of close to \$300,000 and have raised it by private subscription.

The corporation rented 5,000 square feet of exhibit space at the regular rates. Under Washington law, it gets no tax break.

The children's center idea was suggested to Dr. Rieke while he was attending a board meeting of the American Lutheran Church in Minneapolis.

Two hours of child care will cost parents \$1 for one child and 50 cents for each additional one. The sessions, for children three to seven, will include informal play, a Bible story and creative activity in the arts. Margaret Staeger Woods of Seattle Pacific College, president-elect of the elementary - kindergarten - nursery department of the National Education Association, will be in charge.

The building also will contain a meditation chapel and a chaplain's office which local ministers will take turns staffing.

Dr. Petersen says the corporation considered having services in the chapel but decided it was too small.

"Learning To Get Along With Others"

Tuesday 9:00 A.M.
WGCT (1320 kc)

In the quiet safety of her own home she is learning to pray, to trust in God. As she grows older she will learn that other people pray too; that other people have faith.

Sunday School will thrill her from the very first day, and her faith will grow as she learns more of the Heavenly Father's love. The Church, with its beautiful sanctuary, its inspiring music, its worshipful atmos-

phere, will give her a sense of reverence, of nearness to God.

As she grows, her love for the Church and for God will grow, too. All through life the faith she learned when she was a tiny girl will provide a sanctuary and protect her during the many trials of life.

Are YOU helping YOUR child acquire this abiding faith?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support

the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

MUSMANNO OUT OF RACE; URGE PARTY SELECT R. DILWORTH

PITTSBURGH (AP)—Ruling himself out as a candidate for the Democratic gubernatorial nomination, Justice Michael A. Musmanno of the State Supreme Court has urged the party to select Richardson Dilworth, ex-mayor of Philadelphia, as its candidate.

Musmanno had been mentioned as a possible nominee by U. S. Rep. William J. Green Jr. of Philadelphia, who so far has blocked Dilworth's path to the endorsement by the party's 72-member policy committee. The committee scheduled another session in Harrisburg today.

"I am grateful to Congressman William J. Green," Musmanno said in his statement Thursday, "for considering my name as candidate for governor of Pennsylvania, and I appreciate the kindness of a vast number of persons and organizations throughout the state that have sent me telegrams and letters urging me to be a candidate."

ASK NAME WITHHELD

"However, I have asked that my name not be submitted to the Democratic Policy Committee meeting tomorrow as a candidate for this highly honored post."

"I have the utmost confidence that Gov. David L. Lawrence, Congressman Green and the rest of the distinguished committee will select a man worthy of this great office and the approval of the people of Pennsylvania."

"I trust that the committee will select Richardson Dilworth as Democratic candidate to succeed Gov. Lawrence."

"Former Mayor Dilworth is a tried and proven veteran in many branches of our government. His administration as mayor of Philadelphia has been an excellent one. As a candidate for lieutenant governor in 1950 I was privileged to be on the same ticket with him, and I have learned to respect and admire him for his great ability, courage and dedication to the best welfare of the people of Pennsylvania."

Winners in The Gettysburg Times "Who Sells or Serves What?" contest are shown receiving their cash prizes from Patrick Heffran, classified advertising manager, selected from the 441 correct entries by Dr. C. P. Keefe, and Dr. Lloyd C. Keefe, from left to right: Heffran; Mrs. William W. Mauss, Biglerville R. 1, who won the \$50 first prize; Mrs. C. E. Little, R. 6, \$10; Breau Linn, 210 E. Middle St., second prize of \$25; Raymond Scott, R. 2, \$10, and Earl F. Lawrence, 216 Highland Ave., \$10. (Lane Studio)

Price, spice and everything nice!

Who ever thought a car that saves like this could have so much sizzle? Chevrolet engineers, that's who! Liveliness and luxury for a low, low price were exactly what they had in mind to begin with. And they began from scratch with a whole carload of ingenious new ideas designed to give you more car for your money. That spunky 6 with gas-sipping stinginess is just one example. Another: a new unitized Body by Fisher that's fit for a full-size family inside, easy to park outside. Still another: tough but gentle one-piece Mono-Plate rear springs that outdo many a bigger car for quiet comfort. And along with the dollar-saving dependability you just naturally

expect in a Chevrolet-built car, Chevy II has a flock of features that cut upkeep costs to the bone. For example, the various front-end components—fenders, engine compartment, the works—bolt on and off to make repairing easy. Any wonder Chevy II won Car Life magazine's 1962 Engineering Excellence award hands down? (The only wonder would be if you settled for anything less—once you get your hands on one at your Chevrolet dealer's!)

James MARLOW Reports

The Associated Press

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—Secretary of Labor Arthur J. Goldberg has had to blow away some of the semantic fog that settled around a talk he made about the government's role in collective bargaining.

He was responsible for some of the fog. The rest came from people who didn't like what they heard, or thought they heard.

In a speech last Friday in Chicago he said:

"In the past when government officials were called upon to assist in collective bargaining their only aim was to achieve a settlement."

PUBLIC INTEREST
"Today, in the light of our nation's commitments both at home and abroad, government and private mediators must increasingly provide guidelines to the parties to insure that the settlements reached are right settlements that are not only in the interest of the parties themselves but which also take into account the public interest."

Just what are guidelines? Goldberg didn't quite make this clear at the time. But AFL-CIO President George Meany and some people in the steel industry didn't wait to find out.

Both of them thought Goldberg had in mind more government interference. Goldberg was so disturbed by this reaction that he called in reporters Wednesday to explain.

WAGE DISPUTES
What it amounted to was this: The government does intend to stick its fingers a little deeper into labor-management wage disputes when the outcome—either in higher prices and wages or a strike—will affect the national welfare at home or abroad.

It has been common practice for a government mediator, when called in to help straighten out a snarled up union-management negotiation, to suggest to one side settlement terms he thinks are reasonable enough for the other side to accept.

But Goldberg, who said flatly he is against any government wage or price controls or compulsory arbitration, explained what he had in mind:

OFFER SUGGESTIONS
Neither he nor the government intends to try to impose settlement terms in collective bargaining but to suggest in a general way—and sometimes very specifically—what will be good for the national interest.

This amounts to moral pressure. And there's nothing new in that. But Goldberg also has an idea that will bring public pressure to bear on a union and management in an important industry after a settlement, when it could have no practical effect on the outcome.

He said he intends to have the government lay down statistics—and statistics would mean wages, prices, costs, hours worked in comparison with other industries—before a dispute gets out of hand.

The Kennedy administration already has put more pressure on the steel industry and the steelworkers union, now busy in bargaining on a new contract, by calling for a fair settlement.

The last time there was a steel strike—116 days in 1959—the whole country felt the effects.

Family Food Facts

THOMAS E. PIPER
Area Marketing Agent

Retail food prices show very little change from a week ago, reports Tom Piper, Penn State extension marketing agent. Value buys are limited and vary according to the plans of individual retailers. The price-conscious shopper would do well to study food ads.

Most meat items are in plentiful supply this week and the buyer's choice is expected to appear as a "special." Contenders for this position include pork loins, fresh picnics, beef steaks, chuck roasts, turkeys and hams. Imports of frozen lamb from New Zealand have resulted in lower prices in this item, explaining the appearance of lamb "specials" at some local markets.

Each week, most food stores plan to have at least one special-priced meat item to help build customer traffic. This item usually varies from week to week depending upon the supply and price that retailers have to pay. Generally the selected cut is sold at the retailer's cost while other cuts are sold at their usual markup. When total meat supplies are increasing, retailers will offer more than one special rather than reduce prices a few cents on all cuts. This is why meat prices are rather stable from week to week, and why it pays to shop for meat specials.

THIS IS EGG MONTH
Large size eggs continue as an economical source of protein. Promotionally, March is observed as Egg Month for this is the season of peak supply. Eggs and cheese are nutritional meat substitutes to consider in the planning of Lenten meals.

Supplies and flavor of grapefruit are at a peak this month; prices can be expected to hold firm, partially due to the functioning of a marketing agreement. With tangerines and tangelos finished, the orange market revolves primarily around Temples and early shipments of valencias from Florida and some navel oranges from California. Prices remain firm on oranges, bananas, Emperor grapes and early-season strawberries.

Movement continues good and prices quite reasonable on apples—Golden Delicious, Stayman and Rome Beauty provide a variety for every use. Hothouse rhubarb is reasonably priced too. Supplies of fresh vegetables are adequate for consumer demand but few items are in long supply at this season. Prices on vine-ripened tomatoes, celery, endive, escarole, sweet corn, cauliflower, spinach, and lettuce may be slightly lower than a week ago. Somewhat firmer prices may be noted on potatoes, new crop cabbage, peppers, cucumbers, and sweet potatoes.

Cincinnati reserve second baseman Elio Chacon comes from Venezuela but his father was one of the greatest infielders in Cuba's baseball history.

When total meat supplies are increasing, retailers will offer more than one special rather than reduce prices a few cents on all cuts. This is why meat prices are rather stable from week to week, and why it pays to shop for meat specials.

He spoke extensively about his travels into Berlin and life as he observed it behind the Iron Curtain asking, "How can the system be right if people must be fenced in to keep them there, because 'The Fence' was not erected to keep people out but to keep people in?"

YANKS IGNORE RED ORDER ON EAST BERLIN

By MICHAEL GOLDSMITH
BERLIN (AP)—The U.S. command brushed off Communist orders today banning the U.S. commandant, Maj. Gen. Albert Watson II, from Red-ruled East Berlin.

A U.S. spokesman said the American commandant has no intention of entering the Soviet sector unless his civilian aides can go with him without being forced to show identification cards.

The East Germans announced they were shutting the gate on Gen. Watson at the request of the Soviets. This was confirmed by U.S. authorities in a telephone call to Soviet headquarters in Karlshorst, suburban East Berlin.

The move was in retaliation for the American boycott against Col. Andrei I. Solovoyev, the Soviet commandant. He was barred from the U.S. sector two months ago after East German guards stopped Gen. Watson and demanded two aides with him show identification papers.

IGNORE EAST REDS

The United States does not recognize the East German regime and contends that the Soviets are responsible for regulating traffic to and from East Berlin.

This was underscored by an American spokesman's statement, "The problem with regard to the movement of the two commandants to each other's sectors continues to remain a matter for resolution between the two commandants."

Miss Mary Duttera, public affairs chairman, discussed the governor's budget request for the library division.

Mrs. Ralph Fissel, representative to the Women's Civic Council, reported on their activities.

Delegates elected to the spring district meeting to be held in Lancaster, April 7, are Mrs. Bushman, Miss Roberta Bittinger and Miss Regina McIntyre. Alternates elected are Mrs. Sara Hamsher, Mrs. Buehler and Miss Doris Redding.

Mrs. Lee Hartman reported on the presidents' meeting held in York February 18. She has been appointed a teller from District VII to serve at the state convention.

Mrs. Bushman appointed Mrs. Howard C. Kitzmiller to the nominating committee. The board elected Mrs. Max Sumser as their member and the club elected Mrs. up for 40 minutes by East German border police this morning, but then was waved on. Western officials did not link the incident with the ban on Gen. Watson. They suggested it might have been prompted by U.S. guards delaying a Soviet car Thursday.

A car carrying Soviet personnel to the Berlin Air Safety Center operated by the four occupying powers in West Berlin passed through "Checkpoint Charlie," without a hitch this morning.

There was no explanation why the Soviets waited so long before reacting to the American travel ban on Col. Solovoyev.

Mrs. Bushman reported on the plans of the Halloween program committee. She awarded golden keys to Mrs. Pensinger, Mrs. Buehler, Mrs. Conway Williams and Mrs. M. Edwin Benner for securing new members.

All committee chairmen were requested to present their annual reports to the president by next week.

Tentative plans were made for the tricity meeting to be held at The Ranch, Shippensburg, June 14. The local club will secure the speaker.

The following secretarial committee was appointed to aid with the Cancer Crusade in April: Mrs. Leader, Mrs. Hamsher, Miss McIntyre, Mrs. Hartman, Miss Pfeiffer and Miss Bittinger.

The dinner meeting next Thursday will be in charge of the health and safety committee, Mrs. Willis Conover, chairman. Members were urged to attend World Day of Prayer services next Friday.

Mrs. Sharpe and Miss Redding were appointed to serve as pages in March.

Prior to the business meeting the board met with 11 members present.

TV PROGRAM WILL SALUTE IRVING BERLIN

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—The next seven days of television promise to be about average — mostly the regularly scheduled shows and only a few specials.

Tonight, NBC's bi-weekly Telephone Hour (9:30-10:30 EST) is of more than usual interest — a salute to composer Irving Berlin, which means replaying a lot of favorite old songs.

Sunday's NBC "Show of the Week" (10-11) is still another salute to a composer — this time the late George M. Cohan.

GUEST STAR
Guest star of Monday's episode of ABC's "Ben Casey" is Cliff Robertson, and the title is titillating: "For the Lady Bug, One Dozen Roses."

The Dick Powell Show on Tuesday (NBC, 9-10 p.m.) is a crime syndicate tale, "The Hook."

Perry Como's Wednesday night guest star will be talented Carol Lawrence (NBC, 9-10). CBS' Steel Hour is a drama about an amnesia victim, "Who Is This Woman?" starring Gloria De Haven.

"Oh, Those Bells," a situation comedy series, will have its premiere show (replacing "The New Bob Cummings Show") on Thursday (CBS, 7:30-8 p.m.) and "CBS Reports" (10-11) will be a study of Sen. Barry Goldwater, spearhead of the growing conservative political movement.

Investigators

(Continued From Page 1)
er data which the investigators hope will give them a clue to the cause of the tragedy.

CAUSE IS MYSTERY
FAA Administrator Najeeb Halaby, who flew here along with half a dozen air safety specialists from the Civil Aeronautics Board, emphasized there was no indication of what might have gone wrong.

Total weight was under the allowable limit, and none of the four jets had been run over the allowable time, Halaby said.

When the plane arrived here from Tulsa, Okla. Wednesday, the crew had reported some trouble with the radio and cabin pressure system, but this was corrected.

Halaby said a checkback on the previous 10 pages in the jet's logbook disclosed no uncorrected defects, and thus far there has been no indication of malfunctioning.

MAY TAKE YEAR
CAB Chairman Alan S. Boyd, who also flew to the wreck scene, said the mystery might be solved in a month but he added that it could take as long as a year.

While seeking the flight control box, hundreds of police, firemen and Naval personnel from the nearby Floyd Bennett Naval Air Station grappled for the mutilated bodies of the victims.

The grappling continued through the night and morning amid shifting tides, and the grim searchers had recovered 52 bodies by early today.

The plane carried 87 passengers and a crew of eight.

EISENHOWER SHOCKED

Among the passengers was W. Alton Jones, 71, executive committee chairman of the Cities Service Co., who was on his way to California for a fishing trip with an old friend—former President Dwight D. Eisenhower.

Eisenhower, wintering at Palm Desert, Calif., was described as shocked and saddened at the tragedy.

And there were others, including the not-so-well-known and the simple folk who are mourned as much as the great.

Behind them they left husbands and wives and children and brothers and sisters and friends—all of them made desolate in one instant of unhappy destiny.

CLEARED TRAIN TREBLE

Here is the timetable of disaster:
At 10:07 a.m., the huge craft rolled along the 14,000-foot runway, broke ground after 5,000 feet and took off.

The plane cleared a train trestle and a parkway in its ascent—all normal, all according to

At 800 feet, Capt. James T. S. Heist, 56—a veteran of 18,300 hours in the air—made the prescribed left turn of 20 degrees to head away from possible LaGuardia Airport traffic and the Ozone Park section of Queens. He pointed his craft toward Brooklyn.

THEN IT HAPPENED
Like a dive bomber, the airliner suddenly plunged straight down.

Off-duty policeman Arthur Rudick saw it as he drove on Cross Bay boulevard. Others saw it too, and they made for the bay's shoreline.

Within minutes, rescue teams and rescue apparatus clogged the one-road approach to the disaster scene.

But, as Rudick later observed, "There was no one to rescue." Then came the grim task of grappling for the bodies, a job that continued through the winter night.

U. S. soldiers first wore campaign dress during the Mexican War. Their uniforms were similar to those of today's West Point cadets.

ANNOUNCE NEW CONSTITUTION FOR PAKISTAN

KARACHI, Pakistan (AP) — President Mohammed Ayub Khan has proclaimed a new constitution for Pakistan setting up a presidential system of government with a parliament chosen by indirect election.

Ayub announced in a broadcast that both the new president and parliament will be elected by an electoral college of 80,000 persons who themselves will be elected by the nation's adult voters.

The president will head the government and all bills adopted by the parliament—or national assembly—must get his approval before becoming law. But he must account to parliament and can be removed from office by a three-fourths vote.

In the event of a conflict with the assembly, the president may put the issue in dispute up to a referendum of the electoral college for a decision.

156 MEMBERS
The president is empowered to dissolve the assembly, but should he take such a step another presidential election must be held within 120 days.

The parliament will have 156 members—75 from East Pakistan, 75 from West Pakistan and 6 seats reserved for women.

Ayub, who has ruled as a dictator since his military coup Oct. 8, 1958, said all fundamental rights—including freedom of expression—are guaranteed under the new constitution. The ban on political parties remains, however, unless lifted by the assembly.

The supreme court is designated as the interpreter of the constitution, which can be amended by a three-fourths vote of the assembly.

Seek Arsonist Who Burned 6 Buildings

PITTSBURGH (AP)—Police are searching for an arsonist who, they say, apparently set the fires which burned out six apartment buildings in suburban Brentwood Wednesday night, causing an estimated \$300,000 damage.

Fifty-six families fled into freezing weather when fires broke out within a matter of seconds in the six buildings, which stand in a row along one side of the street.

Brentwood Fire Chief Hobart Moore Jr. said Thursday arson was believed to be the cause of the fires, which showed a definite pattern. Each fire, he said, broke out in a storage locker in a remote corner of the basement behind the furnace.

Moore spent hours at the scene, investigating the fire with Fire Marshal Anthony Ferraro of Allegheny County and county crime laboratory specialists.

Twelve fire companies fought the blaze and three firemen were

Senate Passes Bill To Boost Debt Limit

WASHINGTON (AP) — The Senate has passed and sent to President Kennedy a bill to temporarily boost the national debt limit to \$300 billion, an increase of \$2 billion.

The bill cleared the Senate Thursday by voice vote. The House had stamped its approval on the measure Feb. 20.

Kennedy had asked for the hike and said he will ask Congress for another \$8 billion increase in the temporary ceiling by June 30.

DOCTOR DIES MUCH SOONER THAN HOPED

HIGHLAND, Ill. (AP) — Dr. Sedat A. Kayar, who told his patients last January he would soon succumb to cancer of the pancreas, died Thursday.

The physician, 41, didn't get his last wish—to visit his native Turkey.

"It is my unpleasant duty to inform you that my services to you as your doctor must end," Dr. Kayar had said in a letter published by both weekly newspapers here. He said the inevitable would probably come within six or eight months.

It came much sooner. "Everyone was hoping for a miracle," said Miss Verna Hornetiaux, Dr. Kayar's secretary, who had stayed on at his office receiving the mail and referring patients to other doctors.

AFFAIRS IN ORDER
The doctor, an athletic man who loved to ski, spent his last days putting his affairs in order and reading, sometimes professional journals, sometimes a few of the thousands of letters he received.

Two weeks ago complications of an undisclosed nature arose and Dr. Kayar went to St. Joseph's Hospital in Highland for four days. Early Thursday his condition worsened and he returned to the hospital.

Dr. Kayar told his physician, "I'll never see Friday." He died about four hours later.

One of Dr. Kayar's last wishes was to visit his homeland. He and his widow, Annalea, had planned the trip but death intervened.

Dr. Kayar, who had practiced here about eight years, also is survived by their three children, Eileen, 11, Susan, 8, and Sedat Jr., 4.

38,705 BUCKS KILLED

HARRISBURG (AP) — There were 38,705 bucks killed in the 1961 season, just 71 fewer than the previous years, says the State Game Commission.

The commission said Thursday final reports also show that 17,327 doe were killed during the one-day antlerless deer season and that 1,517 deer were killed by archers.

treated at the scene for smoke inhalation and cuts. All of the buildings' residents escaped unharmed.

New Homes Start Here

This couple just took the first step toward owning a home of their own. They accepted an invitation to talk to Jack A. Newport, manager of Wolf's New Home Department, and they're getting the answers to some basic and important questions.

Before their conversation with Jack ends, they'll know the answers to the following:

- What price home can they afford to build?
- What will be the monthly payments on their mortgage?
- How much cash do they need?
- Will it cost more to build than to buy?
- How much house can they get for their money?

There will be other questions, of course, and this couple—and any other couple—will get friendly, honest answers. This is where Wolf's service begins—and it ends only when the satisfied home-owners move into their new home.

If you're considering buying or building, see Jack before making a decision. He'll answer your questions privately and in confidence.

There are no costs, no obligations, and no promises... except for Wolf's promise to help you in every way possible to have that new home of your own.
